AKC Campus

Campus Booking Management System

Welcome to Energy Management System!

🎉 **Your Energy Management account has been created!**

Hello **pavan**,

You have been granted access to the **Energy Management Module** at The Apollo University. You can now monitor energy consumption, track budgets, and manage energy infrastructure.

YOUR LOGIN EMAIL

122210701103@apollouniversity.edu.in

YOUR ROLE

Energy Admin

🔑 Your Temporary Password:

TDjXBn4ZqiSP

⚠️ Please change this password immediately after your first login

⚡ **LOG IN TO ENERGY MODULE**

⚠️ **Important:**
This is an **Energy Management Module** account. Please use the Energy Module login page (link above) to access the system — not the main campus login.

📋 Getting Started

1. **Log In:** Use the Energy Module login link above with your email and temporary password
2. **Change Password:** Update your password from the Settings page after first login
3. **Explore Dashboard:** View real-time energy consumption, meters, and analytics

⚡ What You Can Do

📊 Monitor Energy Usage	Real-time consumption data and trends
📈 View Analytics	Efficiency scores and anomaly detection
🔌 Manage Meters	Track smart and manual meters across campus

💰 Budget Tracking	Monitor energy budgets and cost savings

🔒 **Security Tips:**

- Never share your password with anyone
- Use a strong password with letters, numbers, and symbols
- Log out when using shared computers

If you have any questions, please contact your Energy Module administrator.
